

Sell the feeling, not just the square feet.

Flow Media makes cinematic content for real estate — walkthrough films, launch reels and targeted ads that make buyers pick up the phone and book a site visit. One team for content, design, marketing and tech — from your project's first teaser to possession day.

Why builders & realtors work with us

01	Cinematic walkthroughs	Property films that make buyers feel the space before they ever visit it.
02	Reels that reach buyers	Hook-first vertical cuts built for Instagram — where your buyers actually scroll.
03	Ads that fill site visits	Meta campaigns targeted by location, budget and intent — measured in enquiries, not likes.
04	Launch to possession	Teasers, launch films, progress updates and event coverage across the project's life.
05	One team, A to Z	Shoot, edit, design, promote, automate — no juggling five different agencies.

Services under one roof

24h

Reply time on every enquiry

Create. Inspire. Grow.

Built for builders, realtors & projects.

Every service below is scoped to your project — one flat, one tower or an entire township. Mix and match; we'll build the plan around your launch calendar.

► Property walkthrough films

Cinematic tours of flats, villas and sample homes — shot with intent, lit like film.

► Project launch films

Announcement films that make a new project feel like an event, not an ad.

► Listing reels & shorts

Quick vertical cuts per unit — built to stop the scroll and start enquiries.

► Interior & amenity shoots

Model flats, clubhouses, pools and lifestyle spaces at their absolute best.

► Brochures, hoardings & creatives

Print and digital design in one visual language — from site boards to story posts.

► Social media management

Your project's pages run end to end — calendar, posting, captions, community.

► Meta ads & lead generation

Geo-targeted Facebook & Instagram campaigns, tracked to the enquiry.

► Project microsites

A fast, beautiful web page per project — plans, gallery, enquiry form.

► AI enquiry receptionist

An AI that answers your project hotline 24/7 — every missed call is a missed buyer.

► Site events & possession coverage

Launches, bhoomi puja and handover days — staged, filmed and delivered as content.

The same cinema, for *your* project.
